

Introducing True Summer

INTRODUCTION:

The True Summer palette is gentle, misty, refined, and quietly captivating.

THE FEELING:

Imagine walking through an abundant garden that offers both beauty and bounty, comprised of showstoppers such as a border of butterfly bushes that frame the blooms of ancient pink Damask roses, flourishing hydrangeas, and tiny, perfect blueberries ripe for picking; or sipping your coffee in quiet contemplation of the productive day ahead as dawn breaks by unveiling the hazy pinks and purples of first light; or simply taking in the view of a fresh-water lake so still the top is like glass while seagulls float overhead and you relish in a well-earned break.
